LINOLEUM

For Floor Covering

Linoleum'wears longer than wood, and this is one reason why housewives prefer it for kitchen and bath room floor coverings.

Two other strong qualifications are its springy elasticity under foot and its sanitary cleanliness.

Inlaid Linoleums are best because in these the patterns go clear through instead of being merely printed on surface.

The best Inlaid Linoleum is here at \$1.50 a square yard.

Printed Linoleum at 621/2c a square yard. Congoleum Mats, 1x1½ yards, 90c each. Congoleum Mats, 1x2 yards, \$1,20 each.
